

DOING MORE AND PROTECTING WHAT MATTERS MOST TO ENABLE HEALTHIER, LONGER, AND BETTER LIVES WITH **AIA BEYOND CRITICAL CARE**

A comprehensive Critical Illness (CI) plan that supports you and your loved ones beyond financials at every stage of your health journey

1 KNOW YOUR HEALTH

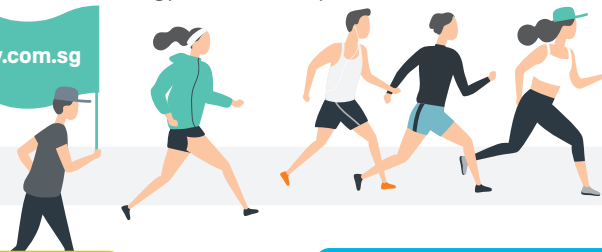

Get reimbursed for the cost of your health screening (up to S\$200).

2 KEEP ACTIVE AND IMPROVE YOUR HEALTH WITH AIA VITALITY

Enjoy up to 15% discount on future premiums¹, cashbacks on HealthyFood™ purchases, and other rewards such as travel perks, discounted movie tickets, gym membership and more.

www.AIAVitality.com.sg

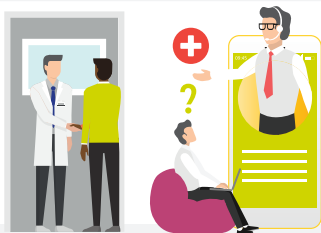

3 REAP THE REWARDS OF STAYING IN THE PINK OF HEALTH WITH 100% REFUND OF PREMIUM (ROP) BENEFIT

7 in 10 Singaporeans identify premium refunds as the most attractive feature when selecting a CI plan.²

Get all your premiums back at the end of your policy term, without interest, after deducting any benefits paid under the policy.

5 GET SUPPORTED BEYOND PAY-OUTS, TO FULLY FOCUS ON RECOVERY WITH

PERSONAL MEDICAL CASE MANAGEMENT (PMCM) BY MEDIX

Making life changing medical decisions can be tough. Alleviate your stress and confusion with access to independent, global expert medical advice through Medix, and receive personal medical support from diagnosis to recovery.

AIA CRITICAL ASSIST

A dedicated hotline service that provides access to healthcare practitioners who can provide expert advice, trusted recommendations and referrals to reliable health, as well as home and care services.

4 BE FINANCIALLY PROTECTED AGAINST CIs AND MENTAL ILLNESSES WITH COVERAGE FOR

5 MENTAL ILLNESSES⁵

FIRST-IN-MARKET

43 MAJOR-STAGE CIs AND 5 REDIAGNOSED OR RECURRENT CIs

COVERS UP TO 200% OF INSURED AMOUNT

1 in 7 Singaporeans experienced a mental disorder in their lifetime in 2016, compared to 1 in 8 in 2010.⁶

- Major Depressive Disorders (MDD)
- Schizophrenia
- Bipolar Disorder
- Obsessive Compulsive Disorder (OCD)
- Tourette Syndrome

CI recurrence is a top concern among many survivors, especially for cancer, which is most likely to relapse in the first five years after treatment ends.³

Approximately 7 in 10 Singaporeans find recurring CI coverage important and more than half are willing to pay a higher premium for recurring CI coverage.⁴

- Rediagnosed Major Cancer
- Recurred Heart Attack
- Recurred Stroke
- Repeated Heart Valve Surgery
- Repeated Major Organ / Bone Marrow Transplant

AMONGST THE LEADING CAUSE OF DEATH AND TOP DISEASE BURDENS IN SINGAPORE

The launch of AIA Beyond Critical Care is part of our overarching centennial celebrations in 2019, focused on building our 100-year journey and beyond. www.aia100.com.sg

¹ Premium discount is only applicable to premiums based on standard life. It is not applicable to any extra premiums due to loading. Discount applicable from the second policy year onwards will depend on your AIA Vitality status attained and shall be capped at 15%.

² AIA Critical Illness Study 2018. Conducted by AIA Singapore in the second half of 2018.

³ Cancer Council Victoria. Fear of the cancer coming back, 1 Apr 2018. Available at:
